RNP
21.2.1953

I do not think that we should insist on the construction of a separate building for the B.C. girls. This will only mean their segregation. The management proposes to construct a two-storeyed structure of which the ground floor will be reserved for the B.C. girls both because of want of space and also because it this would introduce cosmopolitan atmosphere in the hostel. I think we may agree. The DBCW may be requested up to state whether he has any particular objection to both B.C & non-B.C. girls being housed in the same building. The building grant will of course be calculated on the basis of the proportion of B.C. girls to the total no of inmates in the hostel.

AS(I)

DIRECTOR
WELFARE,
A.
23 1950

Below Govt.U.C.R.,Development Department, endorsement dated 23-2-1955 regarding building grant to the Kasturba Balikashram,Hubli,District Dharwar.

...

Office of the -
Director of Backward Class Welfare,
Bombay State,Poona.
Dated:11th March 1955.

Resubmitted to Government in Development Department (Backward Classes,Rehabilitation and Housing),Bombay.

2. The necessity for having a separate hostel building for Backward Class Girls was insisted upon with a view to facilitate the execution of the Trust Deed by the management. The execution of the Trust Deed by the management for a part of a building may involve some legal complications. For example,if in future years any of the conditions is broken by the management,it will be difficult for Government to take possession of a part of the building and deal with it in any way. Even though the necessity of a separate building was insisted upon,the management was given to understand that they may admit Non-Backward Class girls to such hostel. As such the segregation of Backward Class Girls from non-Backward Classes was not encouraged by insisting upon a separate hostel building for Backward Classes.

3. A copy of letter No.D.D.10/DP dated the 12th August 1953 from the Executive Engineer,Dharwar,issuing certain instructions to the management is enclosed as desired by Government. It will appear therefrom that the plan and estimate produced by the management are defective in many respects.

4. With regard to the obtaining of an affidavit from a Magistrate regarding the actual collections made by the management,it is stated as under :-.

As per Rule No.81(i) of the Grant in aid Code of Education Department,a declaration is to be appended to the application by the management to the effect that the means relied upon have actually been raised and are available with the management. It has,therefore, been a practice to obtain an affidavit from a magistrate in order to ensure more safety in this respect.

5. Finally,I may state that if Government are satisfied with the management's compliance,I have no objection to the building grant being sanctioned to the hostel,in question,during the next financial year as there is no provision of grant for this purpose during this year.

Office of the
Executive Engineer,
Dharwar Division, Dharwar.
12th August 1953.

To

The Lady Superintendent,
Kasturba Balikashram, Hubli.

Subject:- Hostel Building for Girls of
Mahila Vidya Peeth at Hubli.

Reference:- Your No.203 dated the 28th July 1953.

Madam,

The plans and estimates for constructing a Hostel building for Girls of Mahila Vidya Peeth at Hubli have been perused and found to be in order, subject to the following remarks, which should be complied with before actual execution. The estimated amount after scrutiny in this office came to Rs.91,625/-.

(1) Site plan is necessary and should be prepared and a copy of the same should be submitted along with the copy of estimate and plan. Necessary North point and premises should be shown.

(2) Necessary sanitary arrangement are not shown which should be provided.

(3) No bathing arrangement is made, which should be made.

(4) Drainage system and water supply should be provided.

(5) The foundation plan should be submitted showing the trial pit results, describing the strata etc.

(6) The requirement such as proportion of cement, conorete, cement mortar or lime concrete and lime mortar etc., should be mentioned in the estimate as well on the plan.

(7) The latrines should be of adequate size with water supply arrangement etc.

All the items shown on the plan should show full dimensions.

(8) All items such as R.C.C. work, wood work should be given in the estimate with full dimensions.

(9) The plan and the site plan should be prepared by qualified arthitect, having a Diploma in Civil Engineering or at least a B.E.

(10) The stair case room is too small and allows for a passage of about 2' only. The room should be widened so as to have a minimum passage width of 3' - 6". The wall in this room should have a thickness of 15" ground floor, as against 9" now provided.

(11) Necessary leads and lifts in the items concerned should be given.

General:- All the above remarks should invariably be complied with before execution and one copy set of the plans and estimates prepared after complying with the remarks, should be submitted to this office for record.

3. You are further requested to state, whether the grant-in-aid to be given for the above work is from the Backward Class Welfare Funds. If this is not a backward class welfare work, necessary scrutiny ...

scrutiny charges will have to be paid at the 1½ % on the estimated cost.

Yours faithfully,

Encl. 1 plan.
1 estimate.

Submitted with ref. to the Asstt. Secy's note dt. 23.2.1955 at p.4/N ante.

2. The DBCW. has explained the position in his wor. at p. 5/N ante. It may be stated that the reason given by the Dir. in para 2 of his wor. for having a ~~sepat~~ separate hostel bldg. for B.C. girls is not satisfactory. There is no reason why there should be a deviation in the Govt. policy only because the trust deed cannot be executed. A proper form for the trust deed can be obtained from the L.D. It would however, appear from para 3 of the Dir's wor that the plans and estimate produced by the management are defective in many respects. In the circumstances the request of the Mahila Vidya Peeth, Hubli for a bldg. grant cannot be considered unless the defects are removed The point is, however, for the orders of Govt.

29/3/1955 I agree. The management may be informed accordingly

19/4/55

Done 9/4/55

9/4/55

Where a cosmopolitan hostel is proposed to be built it is not desirable to insist upon having a separate hostel building for the backward class inmates. The backward class

class and non-backward class inmates should stay together in the same building. The building grant can well be calculated on the strength of the backward class inmates allowed to be accommodated in the hostel. The other conditions must however be fulfilled.

To

The Secretary
to the Government of Bombay,
Education Department.

Subject: Building Grant for Kasturbe Balkashram, Hubli.

S i r,

I have repeatedly been writing both to your Department and to the Director, Backward Welfare, for building grant on account of the buildings that are proposed to be constructed for the Kasturbe Balkashram, Hubli. The plan & estimate of the building have been already submitted to Government and I may also add that the conditions on which the Director of Bombay Welfare was insisting have been complied with. I shall, therefore, be grateful if you could kindly look into the matter personally and expedite the payment of the grant. As soon as I receive the grant, I can start the construction work and it would be very easy for me to collect the remaining amount of sixty-five thousand rupees from the public, because the public would be convinced that the steps to construct buildings have been taken in hand and would accordingly be willing to give donation.

Therefore, I request you to sanction a grant of Rs 25,000/- immediately.

Yours faithfully,

(V.V.Patil).
CHAIRMAN, Mahila Vidhya Peeth,
Hubli.

Subject:-Kasturba Balikashram, Hubli.
Building grant to-

Sir,

With referance to the application dated the 2nd Sept.1953 from the Lady Superintendent of the Kasturba Balikashram, Hubli for building grant for the Kasturba Balikashram which is run by the Mahila Vidyapith, Hubli, I have to inform you that the matter was referred to Government. I have been directed by Government to inform you that the request for building grant for the Kasturba Balikashram, Hubli, is defective in many respects and cannot, therefore, be granted during the current year. You are further directed to renew your request during the next financial year for the consideration of Government and in the meantime you are requested to remove the following deficiencies :-

i) The Vidyapith should construct a separate building for the girls of the Backward Class Hostel, namely, the Kasturba Balikashram, Hubli in order that it should be exclusively utilised for the Backward Class girls of the same hostel.

ii) The plans and estimates of such hostel building should be prepared as instructed by the Executive Engineer, Dharwar Division, in his letter No.D.D.10/DB, dated the 12th Aug. 1953 addressed to the Lady Superintendent of the Hostel and should be got approved from the Executive Engineer, Dharwar.

iii...

iii) The management should furnish an affidavit from a Magistrate to the effect that they have actually collected the necessary funds to the extent of supplementing Government grant and that the same amount is available for construction of the proposed building for the hostel under reference.

Yours faithfully,

Sd. T.M.Chaudhary,

2. As per orders contained in para 2 of Government Letter, Education Department, No.BCH.2053/69560-J, dated the 4th January 1954, the management of the above hostel were asked under my letter No.AM/IX/241 dated the 22nd January 1954, to remove the necessary deficiencies. The following are the three deficiencies which the management are required to remove:-

(i) To construct a separate building for the girls of the Backward Class Hostel, namely, the - Kasturba Balikashram, Hubli in order that it should be exclusively utilised for the Backward Class girls of the same hostel;

(ii) To prepare plan and estimate for such Hostel - Building as instructed by the Executive Engineer, Dharwar Division in his letter No.D.D.10/DB, dated the 12th August 1953 and to get them approved from the Executive Engineer, Dharwar, and

(iii) To furnish an affidavit from a Magistrate to the effect that the management have actually collected the necessary funds to the extent of - supplementing Government grant and that the - same amount is available for construction of the proposed hostel building.

3. The management of the above hostel have so far not removed any of the above deficiencies nor they are prepared to do so. In view of this, I am not in favour of - recommending building grant to the hostel. Copies of the following correspondence are enclosed for perusal of government.

Subject:- Building Grant.
Kasturba Balikashram.

Sir,

With reference to the letter No.AM/IX/241, dated 22-1-1954 by the Director of Backward Class Welfare regarding the subject stated above, containing the objections raised by Government to the application dated 2nd September 1953, by the Lady Superintendent of the Kasturba Balikashram, Hubli run by the Mahila Vidya Peeth, I beg to renew our request for the building grant to the Kasturba Balikashram, Hubli, and further request in that you may be pleased to reconsider our request in the light of the explanations offered to the objections raised by Government, at least during the next financial year.

Objections raised by the Government:-

The Vidya Peeth should construct a separate building to the girls of Backward Class Hostel in order that it should exclusively be utilised for the Backward Class girls of the same hostel.

Explanations:-

The Kasturba Balikashram building in the first place only for the Hostel purposes. The ground floor of which - costing Rs.50,000/- as estimated by the Executive Engineer, Dharwar and having an accommodation for more than forty girls, will be reserved only for Backward Class girls.

The 1st floor of the Hostel is meant for all other girls than Backward Class ones. This arrangement according to the policy of the Government, will give facilities and opportunities to the Backward Class girls to freely mix with other girls. The fear of segragating Backward Class girls if they are accommodated in a separate building as suggested by Government, will be eliminated.

Even at present, all girls without any distinction of caste, creed or religion reside at one place and mix with each other freely both in all matters of dining and lodging etc. This policy in the Ashram is greatly encouraged and appreciated both by Government and the leaders that visit the institution. This has helped a good deal for the removal of untouchability, and inferiority and superiority complex.

Secondly for want of sufficient space for the - construction of buildings for various activities of the Trust the Engineers and other experts have advised us to have storeyed buildings. Hence, we have decided to construct our building consisting of the ground floor solely reserved for backward class girls and the upper storey for all other girls. I hope you will be fully satisfied by our explanation.

As regards the second objection that the plan and estimates ...

estimates of the hostel, should be prepared as instructed by the Executive Engineer, Dharwar Division, in his letter - No.D.D./10 D.B. dated 12th August 1953, the Executive Engineer made those remarks after he scrutinised the plan and estimates of the building and found them in order, subject to the following remarks which should be supplied with before actual execution. Hence, the management agrees to carry out those remarks before actual execution of Hostel Building.

Regarding the third objection that we have to actually collect a sum to supplement the Government grant to complete the building, I beg to state that already about 12,000 Rs. have been promised and the management is sure to collect the remaining amount. Again, in accordance with the suggestion made by the Director of Backward Class Welfare in his letter No.AM/IX/241 dated 17th September 1952 the management have made an affidavit to the effect that they are capable of collecting a sum sufficient for construction of the Hostel in order to substantiate the Government grant of Rs.25000/-.

I hope, the explanations offered above, will satisfy the Government and provision for the grant of Rs.25000/-, in this year's budget for our Backward Class Hostel may kindly be made. A favourable reply from you, it is hoped will such facilitate our collections for the hostel building from the public.

Yours faithfully,

Sd/-

Subject:- Kasturba Balikashram, Hubli.
Building grant to ---

Sir,

With reference to your letter No. nil dated the 4th September 1954, on the subject mentioned above, I have to state that the management should construct a separate building for the Backward Class girls of the Kasturba Balikashram, Hubli where they may admit non-Backward Class girls. The other two deficiencies, namely, plans and estimates for a separate hostel building and an affidavit, must be strictly complied with as already informed to you under items (ii) and (iii) of this office letter No.AM/IX/241 dated the 22nd January 1954. I am further to inform you that unless a satisfactory compliance from you is received in the matter, it will not be possible for me to recommend to Government the case of the above hostel for sanction of building grant.

Yours faithfully,

Sd/- (T.M.Chaudhary)
Director of Backward Class Welfare,
Bombay State, Poona.

No.65 of 1954-55.
Mahila Vidya Peeth, Hubli.
Nov. 1954.

To

The Director of Backward Class Welfare,
Bombay State, Poona.

Sir,

With reference to your letter No.AM/IX/241, dated 15-9-1954 regarding building grant to Kasturba Balikashram, Hubli, I may bring to your kind notice that in view of the present policy of Government it may not be desirable to construct a separate building for Backward Class girls. The site is a long strip of land on which we propose to - construct main buildings for various educational purposes. And also we propose to construct buildings for village small scale industries and kitchen gardens, etc., on the same site which may be of great use to backward - class girls. In view of these facts it is very - inconvenient to accommodate two hostel buildings, one for backward class girls and the other for non-backward class girls.

Section Objection.

The Managing Committee of K.C.C. Bank, Dharwar has unanimously resolved on the 27th instant to grant Rs.5,000/ to this institution as building grant and the Belgaum - District Co-operative Central Bank has also unanemously sanctioned a grant of Rs.5,000/- to this institution for the same purpose. I may receive these amounts as soon as the general body of these Banks approve the affairs of the - Managing Committee. The resolution of the Dharwar K.C.C. Bank has been herewith attached. As soon as other banks have passed the resolutions I shall forward them to you. The Bijapur Co-operative Bank and other Banks and societies have promised to contribute substantially as soon as the building work is taken up I have furnished to you a list of invididuals who have promised substantial contributions. I will very shortly furnish an additional list of such persons. I have been already promised building mateiral worth about Rs.10,000/- in addition to the wood already purchased by the institution costing Rs.3596-2-3, at Mundgod. And moreover the bricks required for the building are being manufactured on the site itself. In view of these facts I don't think it is necessary to send you an affidevit as required by you. The Assistant Director of Backward Class Welfare has been the materials and the buildings which is under construction for locating the girls hostel temporarily and using it - later on as social club.

We have justified the affidevit by the Mamlatdar that the management is capable of further collecting funds to complete the construction to meet the deficit required over and above the Government grant of Rs.25,000/-.

In conclusion, I request the Government to sanction Rs.25,000/- immediately and facilitate our hands to raise more funds to complete the buildings as this is the harvest time. Our case is pending for the last so many years. The stable, store room and the part of the kitchen collapsed in the last rainy season and the kitchen as a whole is likely to collapse as it is too rickety and old. As soon as you handover the amount I shall start the regular construction. I have now been collecting building materials and I am - partly successful. Some timber contracters have already donated timber and many have been waiting for our request to donate. As it is danger to the life of the inmates to stay in the old building I am very seriously -

thinking ...

thinking of erecting tents for girls who cannot be accommodated in the new construction on our site granted by the Government. Many more people have expressed their desire to donate in cash. My wife and myself are resolved to dedicate some few months in this harvest and we are sure to realise the amount required to complete the ground floor which will cost Rs.50,000/- according to the estimation made and approved by the Executive Engineer. Once again I pray that you would comply with our request and help our construction.

Yours faithfully,

Sd/- V.V. Patil,

Subject:- Kasturba Balikashram, Hubli.
Building grant to ---

Reference:- Head Office, Poona Memo.
No.AM/IX/SR.241, dated 8th
December 1954 on the subject
mentioned above.

On the 29th of last month I was at Hubli for inspecting the Kasturba Balikashram conducted by Shri V.V. Patil. The Hostel building was very old and I suggested to Shri V.V. Patil that the inmates should be shifted to some other building as early as possible. He then took me round to the near by open site which has been granted to him by Government recently. The site is a long strip of land and Shri Patil has plans ready for constructing a number of buildings thereon. One of the buildings to be constructed is a Hostel building for girls, and that it was very difficult for him at this late stage to have separate buildings on this site, which has already been laid into separate plots for various buildings to be constructed for charitable and education purposes. He further said that the present policy of Government was to encourage cosmopolitan Hostels and that therefore, his request for building grant deserved special consideration as accommodation of Backward Class and Non-Backward Class girls in one and the same building gave better scope for the speedy removal of the inferiority complex among Backward Class girls and more especially among Scheduled Caste girls. On the site already granted to him by Government I saw a building i.e. a big hall which was under construction. Shri Patil said that he would complete this building first and shift the girl inmates from the present old building to this new building temporarily until the new Hostel building becomes ready for occupation. I also saw some building materials and the manufacture of bricks on the site. Shri Patil has received a number of assurances from well established institutions and trust worthy individuals promising substantial contributions and he may shortly receive the actual cash. However, it appears desirable to insist for an affidavit from the Management to the effect that they have actually collected the necessary funds for supplementing the Government grants. Whatever may be the difficulties of Shri Patil, there is no reason why the entire hostel building in question should not be named as Backward Class Hostel for girls and kept open for non-Backward Class girls also as and when there are vacancies.

ri Patil said
it he would
reserve the
ground floor
for B.C. girls
and the upper
floor for
Non-B.C. girls,

Sd/-
Asstt. Director of Backward Class
Welfare, D.C., Dharwar.

Bldg. grant to —

Sir,

With ref. to your letter d 30.7.1954 on the subject mentioned above, I am directed to state that the DBSEW. has reported that you have not satisfied all the conditions reqd. to be satisfied for being eligible for a bldg. grant. Unless you do so, your request for a bldg. grant cannot be considered.

Yours faithfully,

A.S. to the Govt.

Bldg. grant to —

Ref. your U.O. memo. no. AM/IX/241, dt 11.3.1955 on the subject mentioned above.

2. Govt. is of the opinion that where a cosmopolitan hostel is proposed to be built it is not desirable to insist upon having a separate hostel bldg. for the B.C. inmates. The B.C. and non-B.C. inmates should stay together in the same bldg. You are therefore, requested not to insist on having a separate hostel bldg. for B.C. girls in the Kasturba Balikashram, Hubli, Dist. Dharwar. The bldg. grant should be calculated on the basis of the proportion of B.C. girls to the total no. of inmates in the hostel. A proper form for the trust deed will be obtained from the L.D. in due course. The management of the hostel should however, be reqd. to be asked to fulfil the other conditions reqd. to be satisfied for being eligible for a bldg. grant before the question of sanctioning a bldg. grant to the Kasturba Balikashram, Hubli is considered by Govt.
